PEER ASSISTED LEARNING SYMPOSIUM

Peer Assisted Learning: Empowering students to become successful leaders

The 5th PALNET Symposium on Peer Assisted Learning
in the Athlone Institute of Technology
on the evening of May 18th and on May 19th 2011.

This forum will provide an opportunity for academic staff, support staff and students in higher education in Ireland and beyond to meet and share ideas and best practices about how various peer assisted learning models help students become successful life-long learners and contribute to their transition, retention, progression and completion in higher education.

PALNET Symposium Keynote Address:

Becka Carrant, Dean of Students with the University of Bradford.

Guest Speaker at PALNET Networking Dinner on May 18th:

Professor Sarah Moore, Associate Vice President Academic – University of Limerick.
